Getting Started with Your Aastra 6739i Telephone: Basic

Below are basic instructions for setting up and using your new Aastra telephone at Iowa State. For more information about the new telephones and features, go to how to Use Your Aastra Telephone and Features.

Set Up Voice Mail
1. Press the "Messages" key (top right).
2. Enter the default passcode provided by your ISU voice/data coordinator or on AccessPlus (Employee tab, Telephone Services), followed by the "#" key.
3. Change your passcode, followed by the "#" key. The passcode must be between 6 and 12 characters and cannot be:
   - one number repeated (333333)
   - your own phone number or your phone number in reverse
   - your previous passcode or your previous passcode in reverse.
4. Record your name, when prompted.

Note: The passcode will be revoked after five failed login attempts. If this happens, you will need to call the Solution Center (4-4000) to reset your password.

Forward Your Calls
1. Press the "Call Forward" softkey.
2. Select "On" or "Off" for "All", "Busy", or "No Answer".
3. Enter the number for each “On” selected.

Conferencing In
1. Dial the first number and wait to connect.
2. Press the "Conf." key and enter the new numbers (up to 15 numbers per call).

Transfer a Call
To make the transfer unannounced:
1. Press the "Transfer" key.
2. Dial the desired number (4-####).
3. Press the "Goodbye" key.

To make the transfer after announcing the call:
1. Press the "Transfer" key.
2. Dial the desired number (4-####); wait for answer and announce transfer.
3. Press the "Transfer" softkey or the "Goodbye" key to complete the transfer.

To transfer caller to Jane Doe’s voicemail:
1. Press the "Transfer" key.
2. Dial *55 and Jane Doe’s number (4-####).
3. Press the "Transfer" key again.
