Mathematica Installation for Faculty and Staff (Mac)

1. Click on the ‘Go’ menu in your Finder
2. Click ‘Connect to Server’
3. Enter \mcacd3.iastate.edu\mathematica as the ‘Server Address’ and hit Connect
4. If prompted for a username and password enter:
   a. Username: IASTATE\NetID
   b. Password: password associated with NetID
5. Click on the ‘mcacd3.iastate.edu’ folder under ‘SHARED’
6. Click on the ‘Mathematica’ folder
7. Click on the ‘Faculty&Staff’ folder
8. Click on the ‘Mac’ folder
9. Double click on ‘Mathematica_7.0.1_OSX_MachineSpecific.dmg’
10. In the window that appears, drag the Mathematica icon into the Applications folder to begin the installation process
11. The software will be installed when the install dialog box disappears. To open Mathematica:
   a. Click on the finder icon in your dock
   b. Scroll down the left side pane until you see ‘Applications’
   c. Double click on ‘Mathematica’
12. When the program opens, you will see the ‘Product Activation’ dialog box. Choose Single Machine License and enter the organization and license number exactly as it appears below:
    Name: {your name}
    Organization: Iowa State University
    License Number: L3085-0267
13. Another dialog box will appear with two input fields: MathID and Password. Copy the MathID and click on the Web button to the right of the Password field
   a. Choose ‘I want to register a product and generate a password’
   b. Click ‘Continue’
   c. Choose ‘7.0’ for the version of Mathematica
   d. In the next section under ‘Enter your single-user MathID’ enter your MathID into the field on the left
   e. In the corresponding ‘Machine Name’ enter your machine’s name
      i. Go to the upper left hand corner of you Mac and click on the spotlight
      ii. Type in terminal
      iii. Hit enter
      iv. Your machine name is the part of the string listed before :~localuser$
          1. Example: solctrmacbook1:~ localuser$
             a. The machine name is solctrmacbook1
14. Click Continue
   a. Enter in personal information (must enter Iowa State email address)
   b. Click ‘Continue’
   c. A password will be sent to your Iowa State email address
15. After you receive the password through your email (which may take an hour or two to receive) copy the password and paste it into the password box in Mathematica
   a. The email will contain the content for your mathpass file in this format:
16. Click ‘Ok’
17. You may be prompted to install the Wolfram Notebook Indexer. This is a personal preference. If you choose ‘Yes’, follow these instructions:
   a. Click ‘Continue’ on the Introduction page
   b. Click on the ‘Macintosh HD’ icon and click ‘Continue’
   c. Click ‘Install’
   d. Enter your computer password if you are prompted for a password
   e. Once the installation is finished, click close
18. Mathematica will open and you will see the welcome menu appear with tips on getting started
